4 STROKE RAMMERS

TACOM 4 STROKE RAMMERS COMBINE POWER AND STABILITY WHILE REDUCING EMISSIONS AND NOISE, AND ENHANCING FUEL EFFICIENCY.

All Tacom rammers are easy to operate with plenty of power and exceptional balance. This combination reduces operator fatigue and increases productivity

All models feature Honda 4 stroke engines that lubricate through the crankcase instead of through a mixed fuel burn, reducing much of the carbon buildup and eliminating the need to pre-mix. High quality bellows and a reinforced foot further reduce ownership costs.

Tacom rammers are excellent for firm compaction of most cohesive and mixed soils.

Model	TV5DX	TV6DX	TV6DK	TV72DK
Operating Weight (lbs)	122	139	146	164
Impact Force (lbs)	2425	3650	3650	4000
Blows Per Minute	650-700	650-700	600-700	600-700
Stroke (in)	Up to 1.5	Up to 2.5	Up to 2.5	Up to 2.25
Shoe Size (in)	10x13	11x13	11x13	12x13
Travel Speed (ft/min)	42	43	45	44
